

9. Highways, pavements, verges and footpaths

a) General update – highways

Updates still awaited on the flooding issues recently raised, damage to the area around the traffic lights and the review of the ash dieback work. Clerk to follow up with NSC.

b) General update – footpaths

No issues raised.

10. Planning

a) Planning Applications since the last meeting for comment

None

b) Consents and refusals since the last meeting

None

11. Coronation Party

Confirmation received that the application to the Bristol Airport Local Community Fund for £500 assistance has been approved.

Also received commitment from the Blakemore Foundation on behalf of the Spar shop for £100 by way of support.

With these funds committed the working group can now move forward with confidence.

12. Parish Council Elections 2023

Nomination forms have been completed by JR, TJ, MF and BS. After due consideration both MJ and KB have decided not to seek re-nomination and there will therefore be 2 vacancies on the Council. It is possible that at least one resident may apply but, if not, then formal advertising and possibly co-option may take place in due course. JR thanked MJ and KB for their work for the Parish Council and advised that they will be welcome to seek co-option in the future if circumstances change. Clerk to take forms to NSC for checking on 28 March.

13. CCTV

Details of CCTV initiatives have been received from NSC. On further investigation this would be far more expensive than our budgets would allow, and also it was not considered that this is appropriate for the parish at this stage.

14. Open forum for the Parish Council

- Annual Litter Pick to take place on April 1st 2023. Flyers and posters have been prepared and MF has bags for use on the day. NSC will collect the full bags on Monday 3 April.
- TJ advised that have a sub-group considering Green Initiatives and we are invited to have a representative on this if we wish. At this stage this is not something we wish to consider.
